

ADVANCED

PRESTAN Professional Infant Series 2000

In combination with PRESTAN's traditional CPR feedback light system, the **Professional Infant Series 2000 Manikin** offers a unique, dual-purpose training solution providing instructors with an option to train with either basic or advanced CPR feedback including compression rate, depth, recoil, ventilation, hands-off time, and chest compression fraction via a Bluetooth enabled PRESTAN CPR Feedback App.

- Fully compliant with all worldwide curriculum & industry guidelines
- Lightweight with fast & simple setup; easy to clean & maintain
- Available in both medium skin (MS) or dark skin (DS) tones
- All PRESTAN CPR Training Manikins are Made in the USA

*Mobile device not included

The **Professional Infant Series 2000 Lung Bags** use the same easy to install PRESTAN design with the addition of a breath sensor. The Series 2000 lung bags are required for ventilation feedback via the PRESTAN CPR Feedback app.
